I knew I was in trouble for the moment I laid eyes on
you (yeah)
Dangerously, I can feel the chemistry around the room
(ohh)
Something deep inside told me to think twice, I knew
(yeah)
But I went ahead what a stupid thing to do
Now I'm in trouble

Hit by a train, falling from a building, heartbreak from
you would be like drinking deadly poison
I'm... Oh, I'm too young to die (I don't want to die)
Crashing my car, coming flying through the windshield
Falling in love wit you, I'm heading to get me kill
I'm... Oh, I'm too young to die

I could see you coming like a weather warning on the
news (like a twister)
Like a Venus flytrap, I'm drawn so please be careful, I
bruise.
If you were in my place, would you turn and walk away,
be through
I'm must be outta my mind and you could do some
time, it's true

Hit by a train, falling from a building, heartbreak from
you would be like drinking deadly poison
I'm... Oh, I'm too young to die (I don't want to die)
Crashing my car, coming flying through the windshield
Falling in love wit you, I'm heading to get me kill
I'm... Oh, I'm too young to die

I don't wanna die this way
Get caught in the middle and for just a little, my heart
would break
I'm just another victim of love (everytime I love)

Hit by a train, falling from a building, heartbreak from
you would be like drinking deadly poison
I'm... Oh, I'm too young to die (I don't want to die)
Crashing my car, coming flying through the windshield

Falling in love wit you, I'm heading to get me kill
I'm... Oh, I'm too young to die
