Do you really know?
You really know what I'm talkin' about... yeah
You got it made
You got it made and everyone's in your parade
Come on to me
Come on to me, if you know what I mean
Shoot off your gun
Shoot off your gun, we're just tryin' to have some fun

Don't you know, can't you realize
See the fire in your eyes again
When it's all said and done
And there's nothin' left for you
Don't you scream it's a bitch

So sick and tired
Too many pills and you can't get your thrills
You cut the wire
You are a pillar of justice, holding the world
Oh what a world
Lovely lovely girls

Oh yeah they put on a show
I'll tell ya where you can go

Don't you know, can't you realize
See the fire in your eyes again
When it's all said and done
And there's nothin' left for you
Don't you scream it's a bitch

Far away, so far away
Your life it starts again
Hold on tight, it'll be alright
Maybe someday, you're a friend

(Solo)

You don't talk about it
Yeah, but that's okay

Don't you know, can't you realize

See the fire in your eyes again
When it's all said and done
And there's nothin' left for you
Don't you scream it's a bitch
