Dirty Money crew
Ya, yeah

Show 'em how to move in
Show 'em how to move in
Show 'em how to move in
Show 'em how to, show 'em how to

Show 'em how to move in
Show 'em how to move
Show 'em how to move in
A room full of roaches

Ya, yeah, this is Dirty Money
Yeah, this is Dirty Money

Babe, I wanna wake up in the mornin' to your face
And for the one you love I'm starin' at again
Tell me that deep down you feel the same, the same
way

Oh babe, I know within my heart my love don't change
That's why I'm playin' along with your game
All this shit here got me feelin' strange, ooh babe

You make my love come down
You make my love come down
I feel you love me now
I feel you love me now

You make my love come down
You make my love come down
I feel you love me now
I feel you love me now

Babe, you got me caught up in this love game
The funny thing is that I don't mind playin'
I'm in it for the win so what you sayin', I'm ready

Oh babe, my heart's on overload and you're the blame
Lookin' for a future with you, babe
Willin' to give me your last name, ooh babe

You make my love come down
You make my love come down
I feel you love me now
I feel you love me now

You make my love come down
You make my love come down
I feel you love me now
I feel you love me now

London, Paris, where we goin' next? Shit
I don't know, what planet would you suggest?
Wherever we go you just bring a little dress, yeah
And I'll just take care of all the rest

I feel like affection, I'm givin' you my best
I underestimated as the greatest one left
So if you ready to fly better take a deep breath
I put you in the sky, take your heart up out your chest

Now you got me goin' in, insane
And we can sit under the sun until your skin change
Now what you really know about ownin' a big plane
Landin' on the autobahn [Incomprehensible]
champagne
Ain't that a damn shame? Come on, come on

I wanna feelin' I can feel
I wanna love I know is real
I can't believe this is happenin' to me
Baby, right here is where I wanna be

Show 'em how to move in
Show 'em how to move in
Show 'em how to move in
Show 'em how to, show 'em how to

Show 'em how to move in
Show 'em how to move
Show 'em how to move in
A room full of roaches

You make my love come down
You make my love come down
I feel you love me now
I feel you love me now

Show 'em how to move in
Show 'em how to move in
Show 'em how to move in

Show 'em how to, show 'em how to

Show 'em how to move in
Show 'em how to move
Show 'em how to move in
A room full of roaches

You make my love come down
I feel you love me now

Hey ya, hey ya, I ain't finished with you
Now the funny thing is that the world stops spinnin'
When my energy in the air
You could sail the world twice, still never compare
Been around the world so many times I got my own
hemisphere

Now London, Paris, where we goin' now?
I don't know what planet would you suggest?
Wherever we go your just bring a little dress
And I'll just take care of all the rest
Dirty Money, come on

Love me down
Baby, can you love me down?
Baby, can you get me off
Lover, can you get me off?
Love me now
