[Verse 1 - Lil Wayne]

Love is the party, my heart is such a disco ball
She's in-line waiting, my guest list too long
I told her I would love her, love her as forever
Forever's just a word, I put words together
Stepping on the stars, she pause
And I know that one day this show will end, applause
The strobe lights are dancing, we've taken all the
chances
She question what we are, and I'll drink to the answer
Cause my heart is out of service, my eyes turn black
I don't see love anymore I'm blind to the fact
I got my world in my pocket cause I ain't tryna drop it
The sky is at my neck, so I turn up my collar
My world spin around her, cause its a whirl without her

[Verse 2 - Diddy-Dirty Money]

When you know, like I know (yeah, aha)
When the sunlight falls down (what?)
There she goes (yeah)
Strobe lights dance with the stars (ha)
And I just can't live without her (yeah)
And she knows, what she knows (uh, uh, haha)
And the rain is coming down
My heart is cold
I know she knows (yeah)
Strobe lights dance with the stars (uh)
And I always take my time

[Chorus - Diddy-Dirty Money]

And when the lights fade
The lights they turn grey
Bitch you don't love me no more
I'm at the end babe
Going the wrong way
And I don't know where to go
I'm on a new way
Tomorrow's too late
Bitch you don't love me no more
You got me (yeahhh)... standing on the verge (ahahaa)

[Verse 3 - Lil Wayne]

Love create wars

I got wounds and scars
The strobe lights are dancing
Dancing with the stars
But what happened to ours
What happened because
The rain is coming down
Now we trapped in the storm
And I step right out of her spotlight
And into the strobe lights, haha
I don't need your light

[Verse 4 - Diddy-Dirty Money]

I know, I know, I know
That you're no good
I know, I know, I know
That you make me
Come back for more
Come back for more
Every time I try, I can't get away
I know, I know, I know
I know the love is gone tomorrow
I know, I know, I know
And the lights they fade away
Your lies, your lies
You keep begging me, begging me
Please don't go

[Chorus - Diddy-Dirty Money]

And when the lights fade
The lights they turn grey
Bitch you don't love me no more
I'm at the end babe
Going the wrong way
And I don't know where to go
I'm on a new way
Tomorrow's too late
Bitch you don't love me no more
You got me... standing on the verge
