She came in at midnight
Tears run down her face
She said i know where you've been
I even know her name
She took my wasted love
The pleasures and the pain
As she walked out the door
She had one more thing to say

I spend my nights playing fools
Love was just a game to me
And I made my match at you

Wanna see her go (wanna see her go)
Cause I love to watch her leave
I've been up and down this road (down this road)
She's my sleeze disease
Wanna see her go (wanna see her go)
Cause I love to watch her leave
I've been up and down this road (down this road)
She's my sleeze disease

She left me broken
And it's killing me inside
I wish that she'd come back
And break me one more time
Beat keeps on playing
From a heart that feels no pain
Wanna see her one more night
Just to see her walk away
I spend my nights playing fools
Love was just a game to me
And I make my own rules

Wanna see her go (wanna see her go)
Cause I love to watch her leave
I've been up and down this road (down this road)
She's my sleeze disease
Wanna see her go (wanna see her go)
Cause I love to watch her leave
I've been up and down this road (down this road)
She's my sleeze disease

(guitar solo)

Wanna see her go (wanna see her go)
Cause I love to watch her leave
I've been up and down this road (down this road)
She's my sleeze disease
Wanna see her go (wanna see her go)
Cause I love to watch her leave
I've been up and down this road (down this road)
She's my
Wanna see her go (wanna see her go)
Cause I love to watch her leave
I've been up and down this road (down this road)
She's my sleeze disease (Fade Out)
