After a month our friendship waned  
'Cause you're ambitious to a fault  
How did I let you in my brain?  
Just look in these western eyes

I've been lost a time or two  
Not knowing what is evil  
Or where to go

No prizes, no afterglow  
Nothing left for you  
But kicks or consumption

Thought Japan was out of bounds  
But, oh, the boys just got to town  
Oh no, and it's happening again

You and I have fallen out again  
We're empty skirts to number ones  
Why do I humor you in vain?

Just look in these western eyes

I've been lost a time or two  
Not knowing what is evil  
Or where to go

No prizes, no afterglow  
Nothing left for you  
But kicks or consumption

Clawing at the windows when the wheels came off  
European playground turned out far too much  
She tells me other people get the best of me  
So maybe she will never get the best of me  
There must be a devil at the BBC

I've been lost a time or two  
Not knowing what is evil  
Or where to go

No prizes, no afterglow

Nothing left for you  
But kicks or consumption
