Put your arms around me girl cause I don't know what
to do
I'm spinning on a sixpence cause I'm still in love with
you
We were vagabond souls put together sniffing glue
Your radio songs were all I really knew

Did you think I had a wind up heart?
You must have had plastic head
Did you think I had to play the part
when you copied everything I said?

I'm sorry sorry sorry if your getting me wrong
but you're half a world away with only one sock on
Now your getting too much so I want to play along
cause all I really wanted was a radio song

What is there to say
In a world so grey
Why oh why oh why are we singing it anyway

Ahoooo

Did you think I had a wind up heart you?
You must have had plastic head
Did you think I had to play the part
when you copied everything I said?

When the tide of love is out and the rust begins to show
You're crying in your sleep scared of your shadow
If you thought this was forever dear I'm keeping you in
mind
I don't want to let you have whatever you are mine

What is there to say
In a world so grey
Why oh why oh why are we singing it anyway?

What is there to say (what is there to say)
In a world so grey (in a world so grey)
Why oh why oh why are we singing it anyway?

(all I really wanted was a radio song)
(all I really wanted was a radio song)
Cause all I really wanted is a radio song

What is there to say
In a world so grey
Why oh why oh why are we singing it anyway?
