"All Or Nothing"

I have been out of my head
Hanging on by a thread
To the world I'm missing
Did I fall asleep at the wheel

'Cos I'm not listening
Get the looks that could kill
There must be a better way

All of us were scared to say...
There must be a way to change
So this is all or nothing
Never know what the future will bring

So this is all or nothing
Leave the past 'cos it don't mean a thing
Never know what the future will bring
Leave the past 'cos it don't mean a thing
So this is all or nothing

Did I beat myself up again
Hide it all from my friends

There must be a better way
I can hear them whispering
There must be a way to change

All of us were scared to say...
So this is all or nothing
[Repeat chorus]

Never know what the future will bring
