Afraid of the truth, then leave
We'll show you the proof, but you still won't believe
Entranced by the mounts on our necks
You've all sold you're souls and we're cashing the
Checks
Like waves crashing over the rocks
Everyone listens, when one of us talks
Hairstyles and bloodstains and such
And frankly, we've already told you too much
We are really rich italian satanists
We do whatever we want
Really rich italian satanists
Everyone wants what we've got
Really rich italian satanists
We do whatever we please
Really rich italian satanists
We'll bring you to your knees
She came to the city, with stars in her eyes
But she choked on the smug, and drowned in the lies
We overheard her reporting a murder
The dog sniffed our crotches with dangerous furvur
We told detectives that we never knew her
No one knows anyone, what could be truer
Mother she whispered I'm going to be fine, then she
saw
The back of the hollywood sign
We are really rich italian satanists
We do whatever we want
Really rich italian satanists
Everyone wants what we've got
Really rich italian satanists
We do whatever we please
Really rich italian satanists
We'll bring you to your knees
One red ragged nail says it all
Now you've read the red writing, right on the wall
Everone's dying to know, Where's our next party, and if
They can go
We drive by night, all over this town
A rose royce pulls up, and the window rolls down
So you wanna be a big star, then baby come on get in
The car

We are really rich italian satanists
We do whatever we want
Really rich italian satanists
Everyone wants what we've got
Really rich italian satanists
We do whatever we please
Really rich italian satanists
We'll bring you to your knees
Antonio says I should kill you
He says you've seen to much
But I'm not going to
I'll make you a deal
YOu start running now, and I'll pretend like you got
Away
Did you really think we were going to let you go away
I was kidding stupid, you didn't run fast enough
YOu didn't take me seriousuly did you
Why, because I'm beautiful
YOu think I can't kill because I'm beautiful
Well guess what
You're going to find out the hard way whether I can
Kill or not
