Lately I've been feelin' different
Like I've come from outer space
And I notice something missin'
When it's you I can't replace

And I've been drowning out the silence
From the words that we once said
And I know I could make a difference
If I could get inside your head

And as I walk into the sun
And as I stare across this ocean
And as I start a brand new day
But I felt we'd be the same, again

Up ahead there in the distance
Shadows coming through the haze
You're the only one that listens
To help me break loose from these chains

And as I walk into the sun
And as I stare across this ocean
And as I start a brand new day
But I felt we'd be the same, again
The same again

Ahh-ah-ah-ah-ah-ahh

And as I walk into the sun
And as I stare across this ocean
And as I start a brand new day
But I felt we'd be the same, again
