Was down in california,  
Listening to this girl I tell ya,  
Got nice ass yeah,  
What a nice ass yeah,

But I've never been here,  
I've never been here,  
So I followed her,  
Listening whispers in my ears,

Oh no! I got to say,  
I love her anyway,

So you keep quick,  
Not much lipstick,  
I hate you coz you're in a deep shit,  
Runaway deejay, Runaway everybody,  
But I've never been here,

I've never been here,  
So I think I'll stay,  
Despite all the things you say,

Oh no! I got to to say,  
I love you anyway,  
But oh my God,  
I was wrong,  
The way the path to go it's must to (hard)...  
I need time, I was wrrong

I need someone to go with me this time,

But I've never been here (5X)

Why? I, I...  
Why I try, why I cry,  
Why you die...  
Why, Why, Why
