Verse:

Girl I know you want this so stop teasing me
Your body's hot, powty lips, oh sweet ecstasy
I never felt this good
But baby I just knew that it would
'Round we go, how you flow
When I ride it deep

Pre-Chorus:

Don't close your eyes wanna see how you fly
Mamita I just wanna taste
Each tear you cry when you feel me inside
Sweet pleasure let's just get away

Chorus:

Beg me to touch you there
I don't care, Let's just get away
Open wide if you dare
I don't care, Let's just get away

Love when you pull my hair
I don't care, Let's just get away
Scream like there's no one near
I don't care, Let's just get away

Verse:

Go ahead, lose control there's nothing but time
I know you wanna play let me show you mine
No, I won't tell a soul
Go on and take a bite if you are bold
On my knees here to please
Up and down your thigh

Pre-Chorus:

You're secret's safe if you whisper to me
"Papito, you do it right"
Girl arch that back, love ya down, take ya high

Come baby let's just get away
