4:41)
Somewhere in the afternoon
Before the call of early june
The earth stood still
And we kissed
It was outside so everyone
Could see and judge but we decided
This was more
I could be the one
I can reach around and run my hand
Across an old scar
To remind myself
Of one day
I know what it's like to give
Your heat and soul to someone
And have them throw it away
I could be the one
Yo pensando de ti
Toda el dia
Esta es bueno
Que tengo
La musica
Porque
Si no lo tengo
Yo muero
I could be the one
