Angular spider-like Roman sculpture
Slowly becoming more human
Central tempora of light
In majesty
Has new clarity
Attempt of artists to express emotion
David getting news of hunting accident
Calming down of animated figures
Interaction of thick liquid style
Style, style, style
Did God make man, or did man make God
Either way you think
It's down the same sink

Through death and birth
It's on the same earth
Win or lose
You're constantly choosing
American Soviet Irish Italian
Chinese African Ethiopian
Israeli Libyan Brazilian Portuguese
Swedish German African man
Can Man
