There are so many things that still escape from your  
numb and drug-infested brain  
So stuck in the mud you call a life sedated, self-  
castrated  
Your existence is such a waste of time just make an  
effort and check your pride  
I know the surface may look fine, but deep inside  
you're nothing but shit

Come alive and make my vision clear for all to see  
Look inside and slash your way out of this misery  
Lacerate my soul as I

Revive - inside I have no feelings I ain't a thing you can  
control  
Surrender to a stepchild of laceration  
Rise - a life without a meaning starting to lose control  
Surrender to the stepchild of laceration (stepchild of  
laceration)

I feel so comfortable in my guilt 'cause things ain't that  
bad when you sin  
At least I have a soul to sell deranged and quite  
obscene  
Oh god, don't praise me like a whore keep your mouth  
shut and walk out that door  
The human abstract at it's peak I just removed the skin  
and saw the freak within

Come alive and make my vision clear for all to see  
Look inside and slash your way out of this misery  
Lacerate my soul as I

Revive - inside I have no feelings I ain't a thing you can  
control  
Surrender to a stepchild of laceration  
Rise - a life without a meaning starting to lose control  
Surrender to the stepchild of laceration

Laceration crawling inside my skin 'til I bleed  
Lost in perdition why don't you pray for me anymore

(Why don't you pray for me?)

I feel so cold laceration child I feel so lost in perdition  
starting to revive

Inside I have no feelings I ain't a thing you can control  
Surrender to a stepchild of laceration  
Rise - a life without a meaning starting to lose control  
Surrender to the stepchild of laceration (stepchild of  
laceration)
