Digging a grave out of the lies you've been feeding me
so far

Pushing your face right in the dirt 'cause you're nothing
but a worm

How does it feel to be force-fed by your own shit?

How does it feel to be the first in line without a single
spark of dignity?

This is for all the times you tried to silence what I said
call it nothing but vengeance

I am not your pawn and I am not like you

There's a few things that I wanna remind you

Making sure you won't forget what I'm about to do

Knowing too well that you'll never ever change

I'm gonna silence your big mouth 'til the end of days

Let me tell you what is done to me I wouldn't care

'cause it'll never set me free

Last call, no matter what you can't destroy me

I will stick to what I've always believed not a person who
would lie and deceive

Stand tall, your infected words can never beat me

You lack the brains or the guts to practice what you
preach

You try to run but you're not even worth to crawl at my
feet

I am not your pawn and I am not like you

Let me tell you what is done to me I wouldn't care

'cause it'll never set me free

Last call, no matter what you can't destroy me

I will stick to what I've always believed not a person who
would lie and deceive

Stand tall, your infected words can never beat me

There's a few things that I wanna remind you

Making sure you won't forget what I'm about to do

Knowing too well that you'll never ever change

I'm gonna silence your big mouth 'til the end of days

Let me tell you what is done to me I wouldn't care
'cause it'll never set me free

Last call, no matter what you can't destroy me
I will stick to what I've always believed not a person who
would lie and deceive

Stand tall, your infected words can never beat me
