Tearing down the walls I have painted with blood  
flowing down for eternity  
Sliding on the surface of your luscious soul I'm selling  
dreams for nothing

You're welcome to my private freakshow

Split the soul, crash & burn and back to the wall I don't  
need a reason  
Give you all despicables a brand new god I'm going  
down in a treason

[Chorus:]

I'm calling your name in the darkness waiting and  
you're so near  
It's too scary inside I can feel your pain it's frustrating  
I feel your breath on me  
Calling your name in the darkness waiting and you're  
so near  
It's too scary inside I can feel your pain it's frustrating  
I feel your breath on me

Crystallize all the emotions burning upon the stake of  
my memories  
All I wanted all I needed is so fuckin' lost

[Chorus]

And slowly blood is flowing off me I'm dying only to  
revive

In this perdition haze I have lost my soul  
In this perdition haze you're not alone

Going nowhere still there's nowhere to run in this hell  
I'm raising  
Keeping my soul clear from the monsters that breathe  
beyond the dark I'm feeling

Split the soul, crash & burn and back to the wall I don't  
need a reason  
Give you all despicables a brand new god forever lost

in a treason

[Chorus]
