"The Infinite Multiplicity"

Visit "[The Infinite Multiplicity](#)" on MotoLyrics.com

The infinite multiplicity

Multiple realities
Our mutual existence
Infinite interacting possibilities
Subjective realities
Infinite layers of truth
The infinite multiplicity

Eons of infinite existence
An infinite universe

Multiple dimensions
Multiple entries

Of equal importance

An infinite consciousness
Multiple internal possibilities

An infinite multiplicity

Why thinking in extremes?
A twisted reality
A stagnated existence
A twisted reality
Fear is the only guidance
The principle of mankind
