TO THE SKY

Towards, towards, towards
Towards

Lost in the dark i'm rising
Into the light, where i came from
Sudden a crack
A horror act

To the sky, the sky, to the sky, the sky

All what i want is to seek
Seek and to learn about universe
It's for the good
Misunderstood

To the sky, the sky, to the sky, the sky

From the space where i'm coming
From ocean: black and still
To earth where i'm steering
To earth, heaven or hell?

Heaven or hell
Death for a smell

To the sky, the sky, to the sky, the sky

From the space where i'm coming
From ocean: black and still
To earth where i'm steering
To earth, heaven or hell?
Heaven or hell?
Heaven or hell?
Death for a smell

To the sky
Towards, towards, towards, towards
From the space where i'm coming
Into earth i frighten
Sudden a crack is waiting for me

The dream was to reach the sky
The line between earth and universe
To the sky, to the sky, to the sky
To the sky, to the sky
