Suffering
- sacred of me,
is big and stark.
Defeat is what I mean.

No one can -
understands m, why?
Why I'm a gambler
Isolated in mind?

Isolated in mind?

Why?
I obey myself,
in a moment of weakness,
against my own will, why?

Psychotic fear,
that surrounds me.
Who am I?
Be careful of me and my dreams!

All or nothing

After all,
destroying what I've earned
I prefer
now and tomorrow.

Wright or wrong -
just going my own way
and saying good bye.
No fear - just growth, just growth.
No one understands me why
Isolated in mind

All or nothing
