Feed your weakness
Grasp like me
I've done it

I understood
How one can act
To kill to be free

Kill to be free - kill to be free

Long enough I couldn't see the matter
Say: Now, here I stop!
No more - from now on
No commands - yes and amen - it's over

Now - I see, no more demons around about me and
No weird thoughts, cause I'm the one who kill
Kill to be free

Kill to be free - kill to be free

Second half

I'll be back and I'm coming
I'll grow steady to be stark
To release my new world

Now - I see
No more demons around about me and
No weird thoughts, cause I'm the one who kill
Assassinate the scars

Now - I see
No more demons around about me and
No weird thoughts, cause I'm the one who kill
Assassinate the scars
Assassinate the scars
