have you heard of me before?  
oh, i know you: my mentor!  
death is talking to you!  
i realize, what's going on, this  
is true!

since the day i was born  
i didn't grow up like them all  
my life shrinks more and more  
to get away from this horror

DEATH WILL SCORE  
DEATH WILL...  
DEATH WILL SCORE

now you see that i am real  
my whole life i could feel  
time has come for me to score  
my last wish is: to be reborn!

do you know there's no fear  
to die with pride, no more tears  
i'll be born again free

as an angel, not yours, it's me...

DEATH WILL SCORE  
DEATH WILL...  
DEATH WILL SCORE  
DEATH WILL SCORE  
DEATH WILL SCORE  
DEATH WILL SCORE  
DEATH WILL SCORE

since the day i was born  
i didn't grow up like them all  
my life shrinks more and more  
to get away from this horror  
DEATH WILL SCORE
