[G-BONE]

Gettin' started

Dedicated

To my muthafuckin' nigga AWOL

(It's do or die muthafucka --> CRIPS' CRIPPIN' AIN'T EASY)

I love you Cuz

Forever nigga

That's real

(Do or die muthafucka --> CRIPS' CRIPPIN' AIN'T EASY)

[G-BONE]

It's about the muthafuckin' time

For a nigga to trip

So I grab that Mac-10 out the back

Jump in my shit to death

Now my mission

Is the 1-8-7

To send them muthafucker straight to hell

So I park the ?? at the dark

So it'd be cool for one nigga to bail

Since I'm a vic

I might as well ??bet straight up??

Only nigga but it'd be better

If I come from the back cause I can manage to packin' them niggas

That's what I do I hit them fools with that Smith and Tec

With that Mac fifteen niggas hit their muthafuckin' backs (mack-mack-mack)

Was all

That them niggas heard and for three

Of them fools was the last that them niggas heard

They ass got served

Then I skirted back

To my side

Put out my strap

Ground my sacking then I hit the drive

Posted till the next day I'm gettin' high, I'm with two

Of my fellow B-A-B-Y G's on my side

For them niggas and them bitches who asked why muthafuckas

This is how I'ma do it to the day that I die

This is how I'ma do it I'm gonna do it until the day that I die

This is how I'ma do it I'm gonna do it until the day that I die

This is how I'ma do it I'm gonna do it until the day that I die

This is how I'ma do it I'm gonna do it until the day that I die

[G-BONE]

This is how I'ma do it till I'm six feet down

Under the dirt

Saggin' the flag in gettin' ready for mess

And when it's time to put in some work

I let the Gat jar

Then nigga I skirt

Back to the muthafuckin' turf

Back in the hood with the bone sack

Big Bone nigga you got some blood on your shirt

Oh, nigga don't panic

It's just that little muthafuckin' Damu

Come here Lil' Bone

Hey Locs, I just have to dumb this fool

Keep it on the down-low though don't let nobody know

I'ma tell all the homies to watch they asses

The po-po's hot

And it look like somebody's just got blasted

It was on our enemies side so

All y'all niggas didn't get posted up

Cause you know that

Nigga be thinkin' about comin' through open the casket
to the one of us

And I can't see nuthin' I'm goin' out

So y'all niggas better paid attention (niggas)

And I'm gettin' to the maraud

While I'm bailin' off from that 'gnac I be sippin'

I'm back to the tent

So I blaze up a blunt so a nigga can get high

This is how I'ma do it and I'ma do it until the day that I die

This is how I'ma do it I'm gonna do it until the day that I die

This is how I'ma do it I'm gonna do it until the day that I die

This is how I'ma do it I'm gonna do it until the day that I die

This is how I'ma do it I'm gonna do it until the day that I die

I'ma keep on Crippin nigga -- until the day that I die
I'ma keep on Crippin nigga -- until the day that I die
I'ma keep on Crippin nigga -- until the day that I die
I'ma keep on Crippin nigga -- until the day that I die

[G-BONE]

Until the day that I die
Nigga I'll be write homicide
1-8-7 is the nigga only way sometimes for survivin'
Hoo-Ride niggas dyin'
Everynight everyday sometimes even the afternoon
It's like
The city of doom
The end of the world is comin' real soon
But if niggas could get together
We could be tougher than leather or do whatever
I ??? just my
Life could be a whole lot better but
Until the day that I die
I be pullin' the trigger in front of the nigga come in my
hood
Bangin' is still same (die muthafucka!)
Anybody killer
Stickin' my dick in the bitch all free
Cause I be known the dick-a-bitch down
Bustin' them nuts
Bustin' them guts
At all the bitches of my home town
Nigga Comptown
My stamping ground
Is known around the city my name
Gangsta muthafuckin' Bone
And niggas you know what hood I claim
True to the game
And all you muthafuckas know the Rip Ride
This is how I'ma do it and I'm gonna do it until the day
that I die

This is how I'ma do it I'm gonna do it until the day that I
die
This is how I'ma do it I'm gonna do it until the day that I
die
This is how I'ma do it I'm gonna do it until the day that I
die
This is how I'ma do it I'm gonna do it until the day that I
die
