"Never Again"

Visit "[Never Again](#)" on MotoLyrics.com

A blinding light winds and firestorms
Agonised crying

Never never never again
Never never never again

Unanswered cries of help panic
and desperation

Never never never again
Never never never again

Dazed cries and stricken survivors
Search for lost families

Never never never again
Never never never again

Chocking dust crazy with thirst
Drinking from poisoned pools and streams

Never never never again
Never never never again
