Pull right this way a little to the left
Leave your keys here and go read a book
I know what you are all about and I am here to clean
you out

[Bridge]

You don't need to stop before I'm finished
This will only take about ten minutes
1) clear coming down
2) is 10w-30 okay
3) thank you come again

[Chorus]

Are you willing to be free,
You're in the place to be it's time to replace your dirt
and grit,
Shut up and let me do it [*John 8:36; 1 John 1:9*]

Why did you come if you don't get clean your miles are
up
Leave it here with me you don't go five miles
And just break down don't move at all and let me go to
town
