Looking in this abandoned place
Searching in someone else's face
Don't know what it is
But I'll know when I find it

As I inhale this paradise
Five minutes of escape tonight
Don't know what it does
But I'll know when it does it

Everyone of us is looking
In a place where peace won't find us there
Everyone of us is wanting
Something amazing that's in between
The living and the dying

All we have is now
Give us some meaning
While we live, some purpose to die
All we have is now
Give us some meaning
While we live, some purpose to die
All we have is now

Maybe in someone else's arms
She could complete this broken form
Don't know what she'll do
But I'll know when she does it

Or I will lift up this desperate prayer
If it could find more than open air
Don't know what he'll do
But I'll know when he does it

Everyone of us is looking
In a place where peace won't find us there
Everyone of us is wanting
Something amazing that's in between
The living and the dying

All we have is now
Give us some meaning

While we live, some purpose to die
All we have is now
Give us some meaning
While we live, some purpose to die
All we have is now

All we have is now

All we have is now
Give us some meaning
While we live, some purpose to die
All we have is now
Give us some meaning
While we live, some purpose to die
All we have is now

All we have is now
