Backstabber

You liar, betrayer

I should've known you'd be just like your father

I know he hurt you

But that's no excuse

To hurt anything and everything that touches you

Want more could you want

I was not enough

And that was evident

By the fact that

You lied to me and you cheated me, repeatedly

You never loved me

I hoped in you, I believed in you, I'd forgiven you

It's all for nothing

Everything I knew is dead

I won't let you in again

Today is the first day of the rest of my life

I feel the new come in

As I she'd my skin

Today is the first day of the rest of my life

I stand on broken chains

That held this better slave

Coldhearted, you hater

Love me now, so you leave me later

Deceiver, so clever,

Jezebel couldn't do much better

I have nothing

To remember you by

'cause the only thing

You gave to me was

You lied to me and you cheated me, repeatedly

You never loved me

I hoped in you, I believed in you, I'd forgiven you

It's all for nothing

Everything I knew is dead

I won't let you in again

Today is the first day of the rest of my life  
I feel the new come in  
As I she'd my skin  
Today is the first day of the rest of my life  
I stand on broken chains  
That held this better slave

God, is this what I put you through  
In my unfaithfulness to You

I accuses myself  
I feel the new come in  
As I she'd my skin  
Today is the first day of the rest of my life  
I stand on broken chains  
That held this better slave
