

## Disciple "Crawl Away"

Burn a candle by my bed, sleep won't visit me tonight  
Images inside my head don't reflect the light inside  
Deceiver whispers my name, tries to crawl up by my  
side  
Lord deliver me, don't leave me alone tonight

*[Bridge]*

It is He who's in me that's greater than he that's in the  
world  
The struggle's not with me, the battle belongs to the  
Lord

*[Chorus]*

Crawl away, I confess that I'm less than a righteous  
man You accuse,

He forgives, as I live in a wanderer's land  
Crawl away, I confess that I'm less than a righteous  
man  
Crawl away

Try to make me fall only builds my faith in Christ  
My knee hits the ground, reveals the secret I can't hide

Took the life from you, took the keys right from your  
hands  
Try to compare Him, but you are subject to the Lamb
