The bush is burning  
But it's not talking anymore  
My trusty compass?  
Broken down and smashed up on the floor

Can't find this forest  
These trees keep blocking up my view  
Follow the leader  
Something the rebellious cannot do

I heard Your voice but not what You said?

Falling out/Father now  
Wake me now  
Before I dream disaster  
Afraid somehow  
I've hit the ground  
While I was running away from You  
All that I've ever wanted  
I've seen it all come true  
And now I'm starting to think that all that was missing  
was You

And I need You now  
Before I dream disaster

These eyes/sides? are fading/faded?  
They separate opposing wills  
Here comes the tempest  
White-knuckled captain takes the wheel

I heard Your voice but not what You said

Falling out/Father now  
Wake me now  
Before I dream disaster  
Afraid somehow  
I've hit the ground  
While I was running away from You  
All that I've ever wanted  
I've seen it all come true  
And now I'm starting to think that all that was missing

was You  
And I need You now  
Before I dream disaster
