All that is behind me, this mess of life  
Where out of nothing came a beautiful design  
Know that I've had but a taste of a deathless life  
So I give up the flame to the hands beside  
And I'll be waiting

Where the desert is covered in roses  
I can outshine the stars in a single day  
The face of God isn't hidden  
When I wake into eternity

Where the shadows are never discovered  
Tears are nothing more than a memory  
Death isn't alive any longer  
When I wake into eternity

And now I know I see it in your eyes  
You knew at some point I would have to say goodbye  
I've lived for this moment for all my life  
To be caught away in the arms of God  
And I'll be waiting

Where the desert is covered in roses  
I can outshine the stars in a single day  
The face of God isn't hidden  
When I wake into eternity

Where the shadows are never discovered  
Tears are nothing more than a memory  
Death isn't alive any longer  
When I wake into eternity

When I wake I'll see Your face  
When I wake I'll see Your face

Where the desert is covered in roses  
I can outshine the stars in a single day  
The face of God isn't hidden  
When I wake into eternity

Where the shadows are never discovered  
Tears are nothing more than a memory

Death isn't alive any longer  
Death isn't alive any longer

Death isn't alive in eternity
