Paper tigers  
Shallow seas  
Open sails with masts and --  
Separate the goats and sheep  
Burn the huts while the children sleep

It's a faith conspiracy  
Exclusion to the 6th degree  
Gunpowder plot to the hold the key  
Cause days will never remedy  
Totalitarian regime  
Only brings fear and SUFFERING!!

Love is grace and grace is free  
But only for a weekly fee  
Truth in drawn in bloody wrists  
To this God I made the yes  
Shadow puppets dance and spin  
Curtains drawn, exposed in sin  
Point the finger, stake the blame

In the chamber change your flame?

It's a faith conspiracy  
Exclusion to the 6th degree  
Gunpowder plot to the hold the key  
Cause days will never remedy  
Totalitarian regime only brings fear and...  
SUFFER unto me the TIRED and the weary  
UNTO the least of these you DO TO ME!

It's a faith conspiracy  
Exclusion to the 6th degree  
Gunpowder plot to the hold the key  
Cause days will never remedy  
Totalitarian regime  
Only brings fear and SUFFERING!!
