The body's failing
And my heart is breaking
Hell is awakened, the souls it's taking
We're taking back where they belong

You cannot make us stop
You'll never make us stop
It's not about the songs
It's about our God

Who will stand to rise against injustice
Take up the cause of the unwanted ones
Who will stand to fight against it

We live, we fight
We live, we die, we fight for love
We live, we fight
We live, we die, we fight for love

We live, we fight
(We live, we fight)
We live, we die, we fight for love
We live, we fight
(We live, we fight)
We live, we die, we fight for love

Church windows breaking
From people living outside the walls
The bride must be ready
For Jesus' imminent return

Who will stand to rise against injustice
Take up the cause of the unwanted ones
Who will stand to fight against it

We live, we fight
We live, we die, we fight for love
We live, we fight
We live, we die, we fight for love

We live, we fight
(We live, we fight)

We live, we die, we fight for love
We live, we fight
(We live, we fight)
We live, we die, we fight for love

We live, we fight
We live, we die, we fight for love
We live, we fight
We live, we die, we fight for love

We live, we fight
(We live, we fight)
We live, we die, we fight for love
We live, we fight
(We live, we fight)
We live, we die, we fight for love
