Now build it up, tear it down

My finger in the strings  
Connected to your hands  
I dance the mockery  
A theme of decadence

Now I am sinking in this violence  
This time emancipation is my right

This is what I want  
For you to die  
This is what I want  
To be alive

Scene of complacency  
An apathetic mind  
But when it's brought to light  
I see a king on a borrowed throne

Right now the violence taking over  
This time regimes are changing in my mind

This is what I want  
For you to die  
This is what I want  
To be alive

And I'm so sorry my old friend  
I'm leaving you tonight  
So caught in this moment  
The last breath of your life

So sorry

This is what I want  
(I am sinking in this violence)  
For you to die  
(Emancipation is my right)

This is what I want  
(The violence taking over)

To be alive  
(Regimes are changing in my mind)

So sorry to understand  
So sorry to understand  
So sorry to understand  
So sorry
