Line Â'em up go, thatÂ's what he said / When the lightning struck I couldnÂ't see the difference / Time to let go of Russian roulette / GodÂ's the only one who knows how we are not dead / Out the window, but donÂ't waste it / Â'Cause falling on the floor is overrated / Over the rainbow, IÂ'm bleeding / What I wanted isnÂ't always what I needed (James 4:1-3)

But Stephen's so loud / With words that never die (1 Peter 1:24-25)

I remember everything you said to me / The words you spoke they burn / Burn within my heart, burn within my soul (Jeremiah 20:9) / I remember everything you said to me / The words you spoke they burn / Burn within my heart, burn within my soul / And I will carry them with me forever

A night of looking down a musket / Somehow I always end up on this magic carpet / Hit the tango wherever wind blows / It always takes me further than I wanted to go / After the sideshow an invitation / Outside the city limits leaving condemnation (Romans 8:1) / Ears are ringing with little whispers / After everything thatÂ's all I can remember

I hear the voice of Stephen, IÂ'll always remember / (They) never die
1 Kings 19:11-12
