You breathe right through me  
I act like I don't care  
Wondering if everything I do  
Will make you stop and stare  
If only your eyes could see me  
A pity I don't get my way  
We need to be thankful  
For living another day  
Why can't I be?  
Feel sorry for me  
I'm accident prone  
Just leave me alone  
There's a lazy man that sits in the house  
With his head propped back and his feet kicked out  
I lay around and whine all the night  
While I'm letting my life just pass me by  
Lord forgive the way that I am  
And I need You to help to stand  
Help me up and make me be strong  
And I will praise You all life long  
Excuse me for living  
I don't mean to complain  
I know that you don't have anything  
Quite like my pain  
You see me driving  
I'm riding in my car  
You know that you can't see  
Because it don't go that far

Why can't I be?  
Feel sorry for me  
I'm accident prone  
Just leave me alone  
There's a lazy man that sits in the house

With his head propped back and his feet kicked out  
I lay around and whine all the night  
While I'm letting my life just pass me by  
Lord forgive the way that I am  
And I need You to help to stand  
Help me up and make me be strong  
And I will praise You all life long

I want, I need (2x)

I want to be with You  
I need to talk with You  
I want to kiss Your face  
I need to be embraced (2x)

Why can't I be?  
Feel sorry for me  
I'm accident prone  
Just leave me alone  
There's a lazy man that sits in the house  
With his head propped back and his feet kicked out  
I lay around and whine all the night  
While I'm letting my life just pass me by  
Lord forgive the way that I am  
And I need You to help to stand  
Help me up and make me be strong  
And I will praise You all life long
