once upon a time
i always did as i was told
and every day and night
i tried to make it on my own

but i had a secret
i needed someone there to tell
you said look inside yourself
you can break the spell

chorus:
believe the voice inside of you
live out your dreams and make them true
through your eyes you help me see
with your love you set me free
wishes can come true
if you believe

i opened up my eyes
and every wish i had was granted
and to my surprise
i found myself with you that night enchanted

everyone can make a change
i knew that when i met you
together we can make it
if you feel it to

chorus

if you believe in love, wishes can come true(3x)

chorus

they can if you believe
if you believe in love
live out your dreams and make them true
if you believe in love
oh through your eyes you help me see
with your love you set me free
wishes can come true
if you believe

if you believe
