I thought that I was too old to believe in fairy tales
But there's a letter for me waiting when I check my mail
I start to shakin like a seven on the rictor scale
When you say you love me
I look in the mirror and I'm not who I used to be at all
It's coming clearer

Chorus:

I'm Cinderella at the ball
I'm Alice growing ten feet tall
It's not just make believe
Here comes the prince's kiss
I'm positive the slipper fits
It's not just make believe

It started out as just another ordinary day
Then suddenly my life is different in every way
The sun is brighter and my happiness is here to say
Its like I'm dreamin
Thank you for showing me that true love doesn't hurt
when you fall
You got me glowing

Chorus

Whenever, wherever, forever, I'll be with you
We have it, its not just oh ooh
I look in the mirror and I'm not who i used to be at all
It's comin clearer

I'm Cinderella at the ball
I'm Alice, growing ten feet tall
It's not just make believe
It's really happening
I feel so good I gotta sing
It's not just make believe
I'm Ariel above the sea
I'm Beauty dancing with the Beast
It's not just make believe
Here comes the prince's kiss
I'm positive the slipper fits
It's not just make believe

Oh, it's not just make believe

It's not just make believe
