Your name in my chest
I'm loving you to death
Thrive from your breath
Relishing my flesh
You woke me up
I'm screaming for your touch

I know you want it
This is getting better
Pull me in close
You know how to get me

Wrapped around your finger
Got me singing this song
Hey hey hey!
I've been waiting for so long
Unorthodox, sexy,
What's next?
Why don't you surprise me?

In my caring arms
I gently touched her lips
Her hands grasped my spine
Fingers found her hips
My heart stands proud
Frantic, thumping loud

I know you want it
This is getting better
Pull me in close
You know how to get me

Wrapped around your finger
Got me singing this song
Hey hey hey!
I've been waiting for so long
Unorthodox, sexy,
What's next?
Why don't you surprise me?

Skin so soft, wanna feel your heartbeat
Squeezing tight, burning from your body heat

We lay in affection
The world at our fingertips
Don't ever, ever let me go

Skin so soft, wanna feel your heartbeat
Squeezing tight, burning from your body heat

Wrapped around your finger
Got me singing this song
Hey hey hey!
I've been waiting for so long

Wrapped around your finger
Got me singing this song
(This song, this song)
I've been waiting for so long
Unorthodox, sexy,
What's next?
Why don't you surprise me!
