If you don't care about it, I don't care about it  
If you don't mind then I just don't mind  
If you don't need a reason, I don't need a reason  
If you don't like it; if you don't like it  
Sell me tension for the price of water (forget about)  
Buy me drinks in the shape of smiles (my heart and  
mind)  
So far, and still I'm back in the same place (I don't give  
a shit)  
Trick & thrills I'm gonna do without, do without  
You want something more, I want something better  
You want something more, I need something better  
Is it worth it to keep on trying?

I'm all up for something new  
That said, I don't think it matters  
I'm going out tonight, so I'll see you  
You want something more, I want something better  
You want something more, I need something better  
If you don't care about it, I don't care about it  
If you don't mind then I just don't mind  
You think you're so tough, I think I'm dumb enough  
Show me how you live and not how you die  
You want something more, I want something better  
You want something more, I need something better
