Still awake  
4 in the morning  
You walk around  
When you should sleep  
You walk around  
4 in the morning  
When right now  
There's nothing you can do  
There's nothing you can do

All fired up  
Awake on the back seat  
The diamond lights  
Are shining through  
The diamond lights  
Are on in your head  
When right now  
You should get some sleep

Time  
Doesn't always heal  
It spits and swallows memories  
It doesn't always heal

Your thoughts cross  
Back and forth  
And get tied up  
Like the laces in your shoes  
You get tied up  
4 in the morning  
When right now  
There's nothing you can do  
There's nothing you can do

And time  
Doesn't always heal  
It spits and swallows memories  
It doesn't always heal

Weird future  
Centipedes and spiderwebs  
The future

Spinds around in tiny bits  
And it all comes  
To abduct your weary head  
And it all comes  
Just like ordered  
When you need to get some sleep

And time  
Doesn't always heal  
It spits and swallows memories  
It doesn't always heal  
Time  
Time
