I've never felt this way
Can't seem to bleed the pain
Recognize the price i'll pay
When there's nothing left to gain

If i can't touch you
I can't love you
I can't stop these goddamn feelings.

Slit my wrists and watch me die
It's just another.. suicide!
Don't blink an eye...It was meant to be
It's just me
YOUR MORTAL ENEMY

Its never been this bad
All these things i thought i had
Of bad luck and broken dreams
But i can't hate you
But i will.. kill you
I can't stop these goddamn feelings

Slit my wrists and watch me die
It's just another suicide
Don't blink an eye
It was meant to be
It's just me..your mortal enemy...enemy

I hope you burn in hell
Burn in hell
