Demons evolve from brimstone and sulfur
From fire is born this cold assasin
To kill an idol servant just for fun
A free ride to free us all from sin
The last of the hopeful
Has finally passed away
No optimists, no pessimists
Just us

Damned if we do. damned if we don't
Damned if we will. damned if we won't

The abandoned of god. flipped inside out
Hell bent
Heaven sent
This fallen angel of death
God has denied you.
Satan exiled you
You know it's true no one can save you
The last of the hopeful
Has finally passed away
No optimists, no pessimists
Just us

Damned if we do. damned if we don't
Damned if we will. damned if we won't

No one..
To ever hear your prayers
Can stray me from my path
Can make me take the blame
Can tell me how to live
Can make me follow blindly
Can make me shut my eyes
Can hide the truth from me
No one can make me hear your lies
No one.
