I've never felt this way  
Can't seem to bleed the pain  
Recognize the price i'll pay  
When there's nothing left to gain

If i can't touch you  
I can't love you  
I can't stop these goddamn feelings.

Slit my wrists and watch me die  
It's just another.. suicide!  
Don't blink an eye...It was meant to be  
It's just me  
YOUR MORTAL ENEMY

Its never been this bad

All these things i thought i had  
Of bad luck and broken dreams  
But i can't hate you  
But i will.. kill you  
I can't stop these goddamn feelings

Slit my wrists and watch me die  
It's just another suicide  
Don't blink an eye  
It was meant to be  
It's just me..your mortal enemy...enemy

I hope you burn in hell  
Burn in hell
