Bloodthirst I only feel  
Melting my rancid emotions of squirm  
Sharpening my blades, neverending fullfill  
Of this inhume pleasure to kill

Macabre realms of mental ill  
Torrid pleasance maiming the skin  
Enemized corrupted your rancorous sewage  
Maim the skin through drainage

Trash and hack through the steaming avulsion  
Necromantic psychedelic high convulsion  
Macabre realms of inhuman bestiality  
Mazy and vulgar cankerous monstrosity

Frenziedly inhaling this unpleasant reek  
Gouging to satisfy my wasted teeth  
Culinary carrion purulent rush  
Splitting and splattering innards in husk

In this demented lust

Incinerating shocks of ecstasy  
Blobs impure blistering fantasy  
Curves this necrosanctity  
Blurs my conception of insanity

Blessed repulsive initiation  
For the most rotted of the deaths
