Rotting defleshed incarnosia minch  
Lymph excavating hobo stench reek  
Pustulose  
Exploring on peeled pubic pukes  
I ramming my dick in your hole

Splitting grabing oesophagist sogs  
Gariliac paenemic chunky cannals  
Consumed on broken faeces  
Your organs melting in my stomach  
Virgin systems of digestion munched

Clinning waste  
In my slithering sodomy  
Suprapubical necrotic scrotal suffering

Remained on  
Pedophiling bizarre  
Pulverize

All flesh freezing toracical endo genitallia  
Facial nerves diluyng on pulp deformia

Gribled wasted  
Unborn grotesque deranged  
Torturing dark putrid tissues  
Menstruoparasites on lepral burst  
Excruciating eruption of severed glibs  
Rectocellia laping splatting sherds  
Dehiscenced broweds rancid buffets

The pubic structures pro lapses in rupture  
Smells of desintegrated skulls on purulent lard  
Prunctured retro plasming innards breakage  
Boling on genetical aftermathing wrist

Carbuncular neo cervyx  
Immerse of urine  
Slurping rectum thrombose in repugnance

In disgust  
Y rancid regurgitate

Violent engorgement  
Blasted on anatomy

Stiff endo sarcoma grinning bursted  
Lurk of perverse  
Swarming vile  
Recto macerated nausea  
Undinicism breaking on suppure stench  
Vitreobactereology infesting the crabia  
Strangled myo cavernosa purulence  
Uretra completly full of reeking shreds  
Criticall pro indigested  
Gut in rancid fluyds  
Horrid pircing in phallus  
Chewed pus

Formed bowel of ulcerous fluyds  
Anoplasmical deform saturated of oxidisied  
Ferocious disgorge depraving in your body  
Swollen larynxpurulence cyst

Raping  
All porously flesh on dislocated grim  
Peeling  
Your insides on crepitating scrubs  
I'm your cure  
In your perverse disease  
Filling you in mastication

I'm meeting my real antropophagist desire

My climax  
Is totally fulfilled  
And the smell of my creation  
Grubs in perverse
