Splytz canals curdling
Shoving the matriz flapless
Span gurgling in excrement
Stimulates to execrates
Blastome incubates slaughtering
Seeing your paradise croup
Dermal connective focal tissues
A pitfall in purulent swells
Spitting as I still secreting scid
Pathofysiologic changes blistering
In a denuded basalhacked crisp
Tangles burst less
Endoparasites in
Placentic fibras wounded
Upon my degrading dystrophia
Dismutase acuta
Transgenic dissect
Consumates beyond the spleen
Septic osseous eroded remains
As I obtain the cultures
Of the feces
And bile fluyds
Over the vacuoles cortex
Surgycal irritating
Despite suction
Engorging the full drainage
Consumes dementia blobs
With sprue destruction
As I devast in you ecceme
Necrotical develops
Oxidase scalpels
Macabre pathogenicity
Epizootic abrupts
Malleus chronic form
Sub acute undulant
Extremely rotted
Syal smashed
Of granulomatous reaction
Shredded beyond comprehension
Squilling febrille pain
Phagoticised in the liver
Croacted being spilled in the uvea

Disgusting to grow
Serologyc the iliac crest
Followed by psoriac fractures
Inhibing frolic down
My pleasures
Unusual gromes on the trauma
Cervycal fractures and rapture
Bladder abscess
Skin abbrassion
Nephrectomy tract infection
Cutting the shaped
Eated proteous
Post operative half raped
Enteral ripped
Septicum changes colemic illness
Asphyxiating venipunctured mess
Masticated in excrement
Scid fucked underlying awaits
One half minced
Seeding leeds fryng suppurative
Large colonies of vacuoles
My desires in perverse lust
Putrida ecstasia!!
Dementia flows
In the matrix drainage
Lacking the mucing clots
Swelling soft
As I still devast
