Infected carcass

Esophagus full of pus

Entrails remain

As I watch you bleed on

Blistering fetus

Womb full of scabs

Regurgitate the placenta

Rotted flesh I eat

As I fuck a bloody stump

Limbless you lie cold

I form an erection

I crave rotting maggots

Bodies mangled

Lying on me

Mutilated

Infected carcass

Esophagus full of pus

Entrails remain as I watch you bleed on

I crave rotting maggots
