All of my tomorrows  
Are too bad to be true  
Like a dose of poison  
I consider killin' you

I take myself away  
In the shadow of disgrace

I'm faced by something  
That jumps around me  
While I'm waitin'  
And dissipating

I never knew what's like  
Talking to myself  
Unknown there is one  
Devoted to me

To be delivered from me  
You've been waiting for such a long time  
Taking control of my soul  
Every time I'm driving insane

I lay beneath the upcoming scene  
It's happening once in a while  
I'd take the train but I don't care  
I'm watchin' my past passing by

Waiting for you to come  
To take me over  
Can't escape your sphere  
Recommended suicide

I'm faced by something  
That jumps around me  
While I'm waitin'  
And dissipating

I take myself away  
In the shadow of disgrace

All of my tomorrows

Are too bad to be true  
Like a dose of poison  
I consider killin' you
