I see the light  
You'll never reach  
It turns my mind  
Until the day I die

These are the days of my life  
Join me, the dead shall arise

I perished alone  
By the garden of sorrows  
In the vale of tears  
By the sick deep under

I hear, you see  
The words of wisdom in my ears  
I know, the way  
To a higher state of mind

Beyond the realms of light  
I'm squealing for oblivion  
I'm dressed in white  
May I overcome

I hear, you see  
The words of wisdom in my ears  
I know, the way  
To a higher state of mind

Join me, the dead shall arise

I've seen the light  
You'll never reach  
It turned my mind  
Until the day I die
