No more timing each tear that falls from my eyes
I'm not hiding the remedy to cure this old heart of mine

I can dream about you
If I can't hold you tonight
I can dream about you
You know how to hold me just right
I can dream about you
If I can't hold you tonight
I can dream about you
You know how to hold me just right

Moving sidewalks, I don't see under my feet
Climbing up from down here below where the street
sees me lonely for you

Oh I can dream about you
If I can't hold you tonight
I can dream about you
You know how to hold me just right

I can dream about you
I'm gonna press your lips against me and hold you to
me
I can dream about you
You know you've got me spellbound, what else can it
be

Moving sidewalks, I don't see under my feet
Climbing up from the pain in my heart, cos it's you that
I need

I can dream, oh
I can dream
If I can dream, oh

I don't understand it
I can't keep my mind off loving you
Ooh now baby, I'm caught up in the magic I see in you
There's one thing to do

Oh I can dream about you

If I can't hold you tonight
I can dream about you
You know how to hold me just right
Oh I can dream about you
If I can't hold you tonight
I can dream about you
Oh I can dream, I can dream
I can dream about you
Oh I can dream about you
Whoa, I can dream about you
Oh you know how to hold me just right
